## MAKE A GOOD MAN (WANNA BE BAD)

(ANTHONY GOMES)

nasty  
trouble came knocking  
when you came walking through the door  
it took one look and you had me begging for more  
just one touch I was under your spell  
you said c'mon boy let's put the devil into hell

your dirty love girl it's driving me mad  
you make a good man wanna be bad  
you make a good man baby wanna be bad

she knows what she wants and she knows how to get it  
she said if it feels this good it would be wrong to regret it  
like a match to gasoline she lit me up and I'm burning on fire  
mama warned me about her now I know my mama ain't no liar

that dirty love girl it's driving me mad  
you make a good man wanna be bad  
you make a good man wanna be bad

the way you look at me it's hard to me strong  
I'm gonna ride this runaway train baby all night long

you make a good man wanna be bad  
you make a good man baby wanna be bad  
your nasty love girl is driving me mad  
you make a good man wanna be bad  
you make a good man wanna be bad  
you make a good man wanna be bad

## HELL AND HALF OF GEORGIA

(ANTHONY GOMES)

ooh babe - have mercy  
everybody talking all over town  
people telling me you're messin round  
oh baby I know what's going on  
cuz hell and half of georgia know you're doing me wrong

you think you're sly so undercover  
but everybody knows I'm not your only lover  
oh girl I've known the truth all along  
cuz hell and half of georgia know you're doing me wrong

you called up the butcher when you need some meat  
you see the furnace man baby to turn up the heat  
but one day karma's gonna come a knocking  
knock you back on your feet

mmm - ahh - mmm - mmm - ahh  
mmm - ahh - mmm - mmm - ahh

You think your love's got me hyptonized  
you're such a player that I don't realize  
but baby you should put down that bong  
cuz hell and half of georgia know you're doing me wrong

your sister said she knows what I should do  
your cousin came by now she wants to do it too  
oh girl I'm gonna bang a gong  
cuz hell and half of georgia know you're doing me wrong

wrong wrong doing me wrong  
wrong wrong doing me wrong  
hell and half of georgia know you're doing me wrong

## THIS BROKEN HEART OF MINE

(ANTHONY GOMES)

this broken heart of mine  
keeps on breaking  
everytime you walk away  
I can't find a way  
to stop this aching  
and this broken heart of mine keeps on breaking

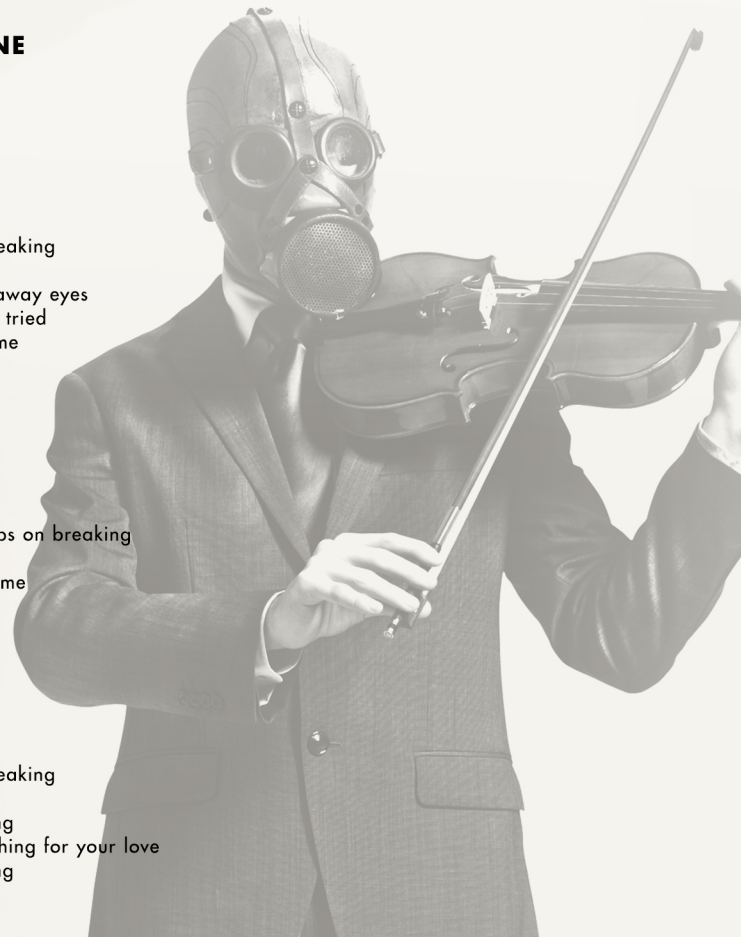

you keep on looking at me with those far away eyes  
and you say you say oh you know that we tried  
but I'm here all alone baby come back home  
I can't live without you

this broken heart of mine baby  
keeps on breaking  
everytime you walk away child  
I can't find a way  
I can't find a way babe to stop this aching  
oh Lord and this broken heart of mine keeps on breaking

well I'm here all alone baby come back home  
I can't live without you

this broken heart of mine  
well it keeps on breaking  
everytime you walk away  
I can't find a way to stop  
stop this aching  
and this broken heart of mine keeps on breaking

this broken heart of mine keeps on breaking  
and this broken heart of mine keeps on aching for your love  
this broken heart of mine keeps on breaking

## PRAYING FOR RAIN

(ANTHONY GOMES)

my granddaddy took me to the plains of abraham  
good book in his pocket and he held me by the hand  
he said son never judge a person  
unless you walk a mile in their shoes  
and the road to redemption is paved with a little blues

he said  
I pray someday love will find a way  
I pray someday rain will wash this stain away  
seems like everyday there's a little more pain  
and in this heat I'm praying for rain

my granddaddy said son I'm counting on you  
to finish what we started to find a way through  
and before my soul leaves this earthly place  
I hope we realize we're all part of the human race

he said  
I pray someday love will find a way  
I pray someday rain will wash this stain away  
seems like everyday there's a little more pain  
and in this heat I'm praying for rain  
I'm praying for rain

I pray someday love will find a way  
I pray someday love will wash this stain away  
seems like everyday there's a little more pain  
and in this heat I'm praying for rain  
I pray someday love will find a way  
I pray someday rain will wash this stain away  
seems like everyday there's a little more pain  
and in this heat I'm praying for rain  
I'm praying for rain praying for rain I'm praying for rain

## NO KINDA LOVE

(ANTHONY GOMES)

my baby said she'd walk a mile for me  
but she ain't got no shoes  
sing me a love song  
but the girl would rather cry the blues  
write me a poem but she ain't got no pen  
said that she's gonna jump for me  
but only when she say when  
the writings on the wall yeah  
your love ain't no kinda love at all

my baby said she'd make me a drink  
but she ain't got no crown  
be always by my side  
unless some bad luck come around  
bake me a cake but she ain't got no pan  
said that she loves me well me and her other man  
I'm starting to see the writing on the wall  
your love ain't no kinda love at all

I'm starting to think this is a losing proposition  
I gotta get outta this broken situation

she said she'll tell the world about us  
but she got a bad case of laryngitis  
said she'd come over and visit me  
but she don't like to take the bus  
buy me a present but her card got declined  
said she'd give me everything she had  
as long as she could have mine  
the writings on the wall babe  
your love ain't no kinda love at all  
ain't kinda love at all your love baby  
ain't no kinda love at all

## LET LOVE TAKE CARE OF LOVE

(ANTHONY GOMES/BILLY FALCON)

I'm gonna let the sky take care of making it rain  
gonna let time take care of easing the pain  
gonna let the wild winds blow  
and dry these tears I'm crying

I keep fighting all I know  
I need some courage to let it go

I'm gonna let money take care of money  
I'm gonna let the bees take care of the honey  
I'm gonna let the angels sing up above  
I'm gonna let love take care of love

pour another drink to ease the pain  
but lord have mercy I still feel the same  
I let the wild winds blow  
and dry these tears I'm crying

Everybody around the world  
gotta come together for the boys and girls

I'm gonna let money take care of money  
I'm gonna let the bees take care of the honey  
I'm gonna let the angels sing up above  
I'm gonna let love take care of love

well I catch myself trying to hold on  
to something I know is already gone  
but I need some courage to be strong  
still I let it burn this aching inside  
I should leave it alone baby and give up trying  
I need you now because I can't move on

## STOP CALLING WOMEN HOES AND BITCHES

(ANTHONY GOMES)

stop calling women hoes and bitches  
you think you're tough but you're just too big for your britches  
women are livegivers and they're natural born leaders  
they're strong and powerful lord knows they're fearless  
your mama changed your diapers  
cuz she thought you were precious  
stop calling women hoes and bitches

some men think it's cool to put down half the human race  
as a man let me say this disrespect's a damn disgrace  
you say you're just messin' 'round but hate you can never erase  
you know karma's a bastard  
that's gonna come back and slap you in your face  
your mama changed your diapers  
cuz she thought you were precious  
stop calling women hoes and bitches

you think you're so funny when flex your masculinity  
but the only thing it shows is your insecurity

stop calling women hoes and bitches  
I've had enough of these hateful phrases  
it's time to kick down the walls and break down some fences  
'cause love, love is the only thing that's ever gonna mend us  
your mama changed your diapers  
cuz she thought you were precious  
it's time to stop calling women  
hoes and bitches

## UNTIL THE END OF TIME

(ANTHONY GOMES)

when I first saw you babe I knew we'd met before  
ten thousand lifetimes ago your love sailed to my shore  
and I knew that I was yours and baby I knew you were mine  
love would bring us together time after time after time

you know I love you baby and I walk the line  
and I'm gonna love you forever til the end of time

some people seek fortune some look for fame  
for me the greatest treasure was the day you took my name  
It hasn't always been easy but I'll never leave your side  
a bond that can't be broken your love is my guide

you know I love you baby and I walk the line  
I'm gonna love you forever til the end of time  
I'm searching babe for your love

I am gonna hold you in my arms til my dying day and  
I'll never stop loving you even if the good Lord takes you away  
I won't stop searching til I find you again  
here or in the hereafter from the beginning until the end

you know I love you baby and I walk that line  
and I'm gonna love you forever til the end of time

I'm gonna keep walking until the end of time  
you know I love you baby I'm gonna walk that line  
and I'll be here forever 'til the end of time  
'til the end of time  
I'll keep searching for your love  
searching 'til the end

## TELL SOMEBODY

(ANTHONY GOMES)

when the sky is falling  
gotta tell somebody  
pale horse running  
gotta tell somebody  
When you see that rider  
gotta tell somebody  
oh Lord you gotta tell someone

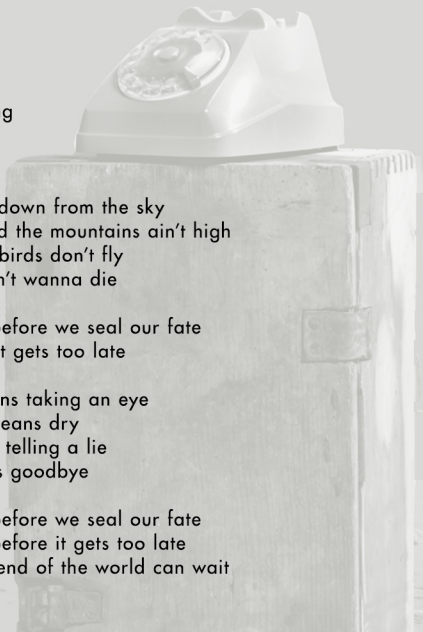

when the water's rising  
gotta tell somebody  
trumpets blaring  
gotta tell somebody  
when the world starts shaking  
gotta tell somebody  
oh Lord gotta tell someone

when the stars come falling down from the sky  
when the valley ain't low and the mountains ain't high  
the lions don't roar and the birds don't fly  
when the earth burns up don't wanna die

we gotta change our ways before we seal our fate  
gotta tell somebody before it gets too late

when turing your cheek means taking an eye  
when mankind bleeds the oceans dry  
when telling the truth means telling a lie  
then it's time to kiss your ass goodbye

we gotta change our ways before we seal our fate  
we gotta change our ways before it gets too late  
we gotta tell somebody the end of the world can wait

## THE GREATEST 4 LETTER WORD

(ANTHONY GOMES)

more than diamonds more than gold  
more than all the money in the world  
there is nothing more precious  
than the greatest four letter word

there are kings there are queens  
who'd give up everything  
just to have and hold  
the greatest four letter word

talking about the greatest  
love is the greatest four letter word

I got you and you got me  
we may not be rich baby but we've got L-O-V-E

more than fortune more than fame  
more than the thrill the spotlight brings  
it means nothing without  
the greatest four letter word

some have it all but want more  
'cause they don't know what they're searching for  
there is nothing more precious than  
the greatest four letter word

talking about the greatest  
love is the greatest 4 letter word

more than diamonds more than gold  
more than all the money in the world  
there is nothing more precious than  
the greatest 4 letter word

## CONTAINMENT BLUES

(ANTHONY GOMES)

my mother-in-law came to visit  
now I'm starting to freak  
they cancelled her flight  
she's here for eight more weeks  
I got containment blues  
I've got the containment blues  
ain't nothing you can do  
and you know it's true  
I've got containment blues

I asked my baby for some peaches and cream  
she said as long as mama's here  
making love's on quarantine  
I got containment blues  
I've got the containment blues  
ain't nothing you can do  
and you know it's true  
I got the containment blues

ain't no fighting it or putting up resistance  
I wish my mother-in-law would practice  
some social distance

things are gonna get worse before they get better  
my mother-in-law just used  
the last roll of toilet paper  
I got containment blues  
I've got the containment blues alright  
ain't nothing you can do  
and you know it's true  
I got containment blues
